

General Manager

Toi-EDA – the Eastern Bay of Plenty Regional Economic Development Agency – is seeking an experienced and intuitive professional, with a proven record of success in economic development roles, to lead the delivery of its growth initiatives in the Eastern Bay of Plenty.

We need an action-based person who can collaborate with local and central government agencies and business organisations to convert ideas and concepts into real opportunities.

The successful applicant will be a strategic thinker who holds a relevant tertiary qualification and can demonstrate the analytical and management capabilities required to ensure the successful implementation of the Toi-EDA and Bay of Connections regional economic strategies. Strong financial management, communication skills and political awareness are also critical prerequisites.

Key responsibilities of the General Manager role include:

- Leading the development and delivery of the Toi-EDA economic development strategy
- Monitoring and analysing economic indicators to identify potential strategy refinements
- Engaging with local government partners to achieve an effective alignment of activities and resources
- Engaging with Iwi and key industry organisations to deliver a coordinated approach to growth initiatives and activities
- Managing the interface with Bay of Connections and driving the Eastern Bay of Plenty's economic growth imperatives.

The Eastern Bay of Plenty offers an enviable lifestyle, climate and environment, which provides unmatched access to an extensive range of outdoor and cultural pursuits.

For further information and a copy of the Job Description for this important role, please contact Geraldine Hulbert, Trust Secretary at geraldine@toi-eda.co.nz, mobile 021 1477 201 or from the website at www.toi-eda.org.nz.

Expressions of Interest along with a brief profile, should be submitted by email to the Secretary as above, or in writing to: Toi-EDA, Box 349, Whakatāne 3158, marked confidential, by 5pm on Friday 30th September 2016
